

FRCS Students Recognized at Honors Ceremony

Our annual Honors and Recognition Ceremony for Upper School students was held on Wednesday, May 27th. It was a tremendous evening where students were recognized for their effort and accomplishments in academics, leadership, and service. Each academic department presented awards to students with the highest grade point average in each class, at each grade level, along with special achievement awards. Leadership and service awards were presented to honor positive steps towards building ethical, moral and civic behavior.

In addition, several students were inducted into the National Honor Society and the Spanish National Honor Society. More information on that ceremony and this week's graduation will be included in next week's *Digest*. Congratulations to all for their exemplary achievements!
