Foxborough Regional Charter School is a public school of choice with high academic expectations for students. The school's mission is to educate, train and motivate students to complete a college/university degree program, as well as develop the character, knowledge, and values necessary for success as adults. We emphasize English, mathematics, and world language as the core subjects for lifelong success. Frequent assessment in the core subjects assures that students develop a sound foundation of fundamental skills and essential concepts.

The Student Life Program provides opportunities for students to become an integral part of their school through true leadership roles, allowing them to develop mutual respect, self-responsibility and a desire to excel. Foxborough Regional Charter School's environment is one that supports the positive aspects of the individual, the school and success for the future.

In combination, our academic and student life programs produce students who are able to:

- uphold high standards of conduct and promote ethical and civic values
- make informed decisions on social issues
- demonstrate a sense of community
- foster tolerance, active cooperation, teamwork and helping others
- develop a true understanding of the peoples of the world through an appreciation of differences as well as similarities
