

# 2008-2009 Student Directory Information Sheet

WELCOME! New and returning families!

Parents in Education (PIE) of the Foxborough Regional Charter School is publishing its 11<sup>th</sup> edition of *The Student Directory*. The directory is a book listing students' names, addresses, telephone numbers, emails & parents' names by class. Each family is able to access the directory through PIE's webpage on [www.Edline.com](http://www.Edline.com) compliments of PIE. The directory is very useful in planning parties, making Valentine cards, inviting friends over, homework questions and many other uses. The book also includes a staff list, school calendar, trustee information, meeting times, PIE positions and other school information.

This information remains among our school community and is used only for communicating with each other for social & educational purposes. It is not intended to be used for chain letters or any type of business solicitation, or any other use not solely for social or educational communication. Violations of this policy are not tolerated and damage the future of this valuable resource.

PIE cannot publish student information without written consent of a parent or guardian, so... fill in and SIGN the bottom of this form & return it to school with the other PIE forms by September 19, 2008 (We would like to have the directory complete by early October...the sooner the forms are received, the book will be published & available to you!). **Only one form per family is required.** Please understand that your student(s) may be disappointed if they are unintentionally left out of the directory.

Thank You!      Karen Elsner      (e-mail: [kdelsner@comcast.net](mailto:kdelsner@comcast.net))

Please print clearly! **Include only the information you wish printed & sign the bottom.** Print "unlisted" if you do not want your telephone number included.
